CAMPAIGN TO CHANGE THE 'CORE STRATEGY PREFERRED OPTIONS'

We seek to raise at least 2000 signatures to raise our objections to the 'Core Strategy Preferred Options' and to have the matter fully discussed at a future North Tyneside Council meeting. In doing so, we seek to raise our objections to the proposals for Key Housing sites and the areas of search for Waste Management sites and to the area of search for a Gypsy/Travellers site being concentrated on the A19 corridor, all of which will have a detrimental effect on the environment and infrastructure in Shiremoor, Northumberland Park, Holyfields, West Allotment, Holystone, Palmersville, Forest Gate, Hadrian Park, Battle Hill, Hadrian Lodge and the Station Road area of Wallsend.
